DRAGON CAPITAL

PURPOSE

This document provides you with key information about this investment product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this product and to help you compare it with other products.

PRODUCT

Product: Vietnam Equity (UCITS) Fund (“VEF” the “Product”) – C Shares

PRIIP Manufacturer and Management Company: Waystone Management Company (IE) Limited

Regulatory Authority of PRIIP Manufacturer and Management Company: Central Bank of Ireland (the “Central Bank”)

ISIN: IE000LEKRJK0

Investment Manager: Dragon Capital Management (HK) Limited (<http://www.dragoncapital.com/vef>) can be contacted at +852 3979 8100 or by emailing enquiriesdcmhk@dragoncapital.com

Regulatory Authority of Investment Manager: Securities and Futures Commission (Hong Kong)

Date of Production: 31 October 2025

WHAT IS THIS PRODUCT?

Type: The Product is a sub-fund of an open-ended umbrella investment company with variable capital organised under the laws of Ireland as a public limited company authorised in Ireland by the Central Bank of Ireland under the UCITS Regulations. There is currently one active sub-fund as at 31 October 2025, namely Vietnam Equity (UCITS) Fund. The Product is a sub-fund of DC Developing Markets Strategies plc.

Objectives: The investment objective is designed to provide investors with a broad exposure to Vietnam’s public equity markets and to seek medium to long-term capital appreciation through investing primarily in securities issued by Vietnamese companies that are traded on the Ho Chi Minh Stock Exchange, the Hanoi Stock Exchange, the unlisted Public Company Market (“UPCoM”) or another recognised market. The Product may invest in warrants and rights (instruments that allow the holder to buy a certain amount of shares at a specified price in the future) that it may receive as a result of corporate actions on the equity instruments it holds and convertible bonds (bonds that can be converted into shares).

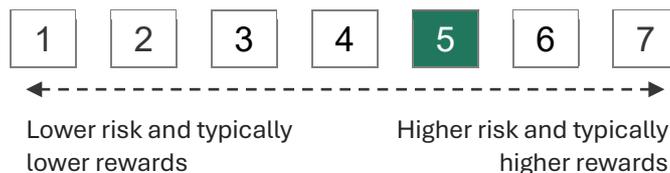

The Product will retain any income generated which has the effect of increasing the value of the shares in the Product. The Product will not use any hedging, arbitrage or leverage techniques. The Product will be actively managed using a disciplined approach referencing an in-house model portfolio developed by the Investment Manager. The Product will not track or benchmark against any index. Stocks will be selected based on regular assessment of economic and structural growth drivers, value metrics and corporate governance aspects. Investors may subscribe and redeem shares in the Product on any business day.

Intended retail investor: The Product is suitable for investors who have sufficient knowledge and understanding of the Product and applicable financial markets, including the potential risks and rewards, gained through experience of similar products or by obtaining professional advice. You should have an investment horizon of five years and must understand that you may suffer a partial or total loss of the invested capital and have the financial capacity to bear these losses. You must be willing to accept a level of risk to achieve potential returns that are consistent with the summary risk indicator shown below.

Maturity Date: The Product is open-ended and has no maturity date. Subject to the liquidation, dissolution and termination rights of the Board of Directors of the Product (the “Board”) as set forth in the Product prospectus, the Product cannot be automatically terminated. The PRIIP Manufacturer, Waystone Management Company (IE) Limited, is not entitled to terminate the Product unilaterally.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

Risk Indicator

The risk indicator assumes you keep the Product for five years. The actual risk can vary significantly if you sell at an early stage, and you may get back less. Be aware of currency risk and the performance differences between Vietnamese Dong, US Dollars and UK Sterling, so the final return you get will depend on the exchange rate between these currencies. This risk is not considered in the indicator shown above.

The summary risk indicator is a guide to the level of risk of the Product compared to other products. It shows how likely it is that the Product will lose money because of movements in the market or because we are not able to pay you. We have classified this Product as 5 out of 7, which is the medium-high risk class. This rates the potential losses from future performance at a medium-high level, and poor market conditions are likely to impact our capacity to pay you. This Product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay what is owed, you could lose your entire investment.

PERFORMANCE SCENARIOS

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the Product over the last ten years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

| Recommended holding period: 5 years Example Investment: 10,000 GBP | | 1 year | 5 years (Recommended holding period) |
|---|---|------------|---|
| Minimum | There is no minimum guaranteed return if you exit before five years. You could lose some or all of your investment. | | |
| Stress Scenario | What you might get back after costs | 3,060 GBP | 2,330 GBP |
| | Average Return each year | -69.4 % | -25.3 % |
| Unfavourable Scenario¹ | What you might get back after costs | 6,610 GBP | 9,740 GBP |
| | Average Return each year | -33.9 % | -0.5 % |
| Moderate Scenario² | What you might get back after costs | 10,980 GBP | 16,500 GBP |
| | Average Return each year | 9.8 % | 10.4 % |
| Favourable Scenario³ | What you might get back after costs | 18,280 GBP | 23,730 GBP |
| | Average Return each year | 82.8 % | 18.9 % |

1. This type of one-year scenario occurred for an investment between Nov 2021 and Nov 2022, the five-year scenario is based on a shorter period between Apr 2022 and Oct 2025.

2. This type of one-year scenario occurred for an investment between Aug 2016 and Aug 2017, the five-year scenario occurred for an investment between Feb 2020 and Feb 2025.

3. This type of one-year scenario occurred for an investment between Jul 2020 and Jul 2021, the five-year scenario occurred for an investment between May 2016 and May 2021.

WHAT HAPPENS IF WAYSTONE MANAGEMENT COMPANY IS UNABLE TO PAY OUT?

The Management Company of the Product has no obligation to pay out since the Product design does not contemplate any such payment being made. You are not covered by any national compensation scheme. To protect you, the assets of the Product are held with a separate company, a depositary. Should the Product default, the depositary would liquidate the Product's investments and distribute the proceeds to the investors. In the worst case, however, you could lose your entire investment.

WHAT ARE THE COSTS?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return).
- For the other holding periods, we have assumed that the Product performs as shown in the moderate scenario.
- 10,000 GBP is invested.

| Investment of 10,000 GBP | | | | |
|--------------------------|-----------------------------|-----|------------------------------|-----|
| Scenarios | If you cash in after 1 year | | If you cash in after 5 years | |
| Total Costs | 762 | GBP | 2,845 | GBP |
| Annual cost impact (*) | 7.6 | % | 3.5 | % |

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 13.93% before costs and 10.38% after costs.

Composition of costs

| One off costs | | If you exit after 1 year | |
|---|--|--------------------------|-------|
| Entry costs | An entry fee of up to 5.00% may be charged subject to the directors' discretion. This is the most you will pay, and you could pay less. | 500 GBP | 5.0 % |
| Exit cost | We do not charge an exit fee for this product. | 0 GBP | 0.0 % |
| Ongoing costs | | | |
| Management fees and other administrative or operating costs | 2.02% of the value of your investment each year. This is an estimate based on actual costs over the last year. No fee cap will be imposed on the operating expenses. | 202 GBP | 2.0 % |
| Transaction costs | 0.33% of the value of your investment each year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell. | 33 GBP | 0.3 % |
| Incidental costs taken under specific conditions | | | |
| Performance fees and carried interest. | There is no performance fee for this product | 0 GBP | 0.0 % |

HOW LONG SHOULD I HOLD IT, AND CAN I TAKE MONEY OUT EARLY?

Recommended Holding Period (RHP): 5 years.

This Product has no required minimum holding period but is designed for medium to long-term investment; you should be prepared to stay invested for at least five years. You may sell your shares in the Product, without penalty, on any business day.

HOW CAN I COMPLAIN?

You can send your complaint to the Product's Management Company at the following postal address: 35 Shelbourne Rd, Ballsbridge, IE - Dublin, D04 A4E0, Ireland or by e-mail to complianceeurope@waystone.com. If you have a complaint about the person that advised you about this product, or who sold it to you, they will tell you where to complain.
